

Symposium on Securing the IoT

AGENDA

Monday, March 5, 2018

VENUE	TIME	SESSION
Peninsula Ballroom	5:00 – 6:30 pm	Welcome Networking Reception (All registrants invited)

Tuesday, March 6, 2018

	VENUE	TIME	SESSION	TOPIC	SPEAKER(S)
1		8:00 - 8:45	BREAKFAST		
2	Plaza Ballroom	8:45 - 9:00	<i>Opening Session: Welcome – Schedule of Events</i>		
3		9:00 - 9:40	Keynote Speaker: #1	<i>Identity at its Core: Empowering Consumers Online</i>	Didier Serra - EVP Securekey
4		9:40 - 10:20	Keynote Speaker: #2		Roy Dagan - CEO Securithings
5		10:20 -10:30	MORNING BREAK		
6		10:30 - 11:15	Keynote Speaker #3	<i>Fog Computing for Securing the IoT</i>	Dr. Tao Zhang – CTO Smart Connected Vehicles Cisco
7		11:15 - 12:15	Roundtable Discussion:	<i>IoT Security and Secure Payment Transactions</i>	Nancy Zayed, CTO & Co-Founder - Magic Cube Chris Williams, Sr. Associate – Exponent
8		12:15 – 1:15	NETWORKING LUNCH		
9		1:15 – 2:00	Keynote Speaker: #4	<i>Value Chain to Blockchain</i>	John Greaves - RFID, IoT and Solutions Architect - Lowry Solutions
10		2:00 – 2:40	Keynote Speaker: #5	<i>Scaling IoT with Secure Device Onboarding</i>	Jennifer Gilburg - Sr. Dir. of Strategy, IoT Security - Intel
		2:40 – 3:20	Keynote Speaker: #6	<i>The EU's General Data Protection Regulation (GDPR) & Impact on U.S. Organizations. Will You Be Ready?</i>	Greg Dumas, VP US & GM - Calligo ,

12		3:20 – 3:30	AFTERNOON BREAK		
			Track 1 – Consumer IoT	Track 2 – Industrial IoT	Track 3 Blockchain
13		3:30 - 4:15	Marcio Avillez, SVP – Cujo	Mark Hearn, Dir. IoT Security - Irdeeto , <i>The Spread of Cyberthreats: How Hackers Are Connecting with Your Organization</i>	Alex Miles – VinChain <i>Decentralized Vehicle History</i>
14		4:15 - 5:00	Joe Tillison - Silicon Labs , <i>Security Tradeoffs and Commissioning Methods for IoT Wireless Protocols</i>	Kimberly Calhoun, CEO & Founder - CAP Science Labs , <i>Smart Choices Securing IoT devices with Smart Cities</i>	Mark Gazit - ThetaRay
15		5:00 - 7:00	EVENING RECEPTION		

Wednesday, March 7, 2018

		TIME	Track #1 Policy, Healthcare & Consumer Security	Track #2 Smart Cities & Cars, Secure Technology	Track 3 Embedded Security
1		8:00 - 8:45	NETWORKING BREAKFAST		
2		8:45 - 9:30	Sampo Karvonen, IoT Solutions Technologist - Thoughtworks , <i>Security on the Edge: Securing sub \$5 IoT devices</i>	Itamar Novick - Recursive Ventures	Jeff Finn, CEO - Zvelo , <i>For IoT Manufacturers, Securing Smart Devices Requires Smarter Partnerships</i>
3		9:30 – 10:15	Julie Lewis, CEO - Digital Mountain , <i>Digital Forensics of IoT Devices: Challenges and Opportunities in a Dynamic Landscape</i>	Mansour Karimzadeh, CEO - SCIL <i>Fraud Prevention Employing New Algorithms for Big Data Analytics</i>	Didier Perrot, CEO & Founder - InWebo , <i>Access Security for the IoT: Why MFA is not enough, and approaches to extend it</i>
4		10:15 – 10:30	MORNING BREAK		
5		10:30 - 11:00	May Wang , CEO - Zingbox , <i>Threat Report on IoT Medical Devices</i>	Aditya Sood, Dir. Cloud Security - Symantec , <i>Empirical Analysis of IoT Botnets!</i>	Ravi Prasad, Sr. Dir. Product Security - F5 , <i>Building a Business Model for IoT</i>

		TIME	Track #1 Policy, Healthcare & Consumer Security	Track #2 Smart Cities & Cars, Secure Technology	Track 3 Embedded Security
6		11:00 – 11:40	<i>Round Table: Network-Connected Medical Devices Security.</i> Moderator: David Snyder - President, 42TEK , Bill Saltzstein - President, Code Blue Consulting , Peyton Paulick Kochel – Proteus Digital Health		
7	11:40 - 12:15				
8		12:15 – 1:15	NETWORKING LUNCH		
9		1:15 – 1:55	Gene Paschall – VP Sales Americas – Randtronics IoT Data at Rest Security – Law, Encryption and De-Identification	Justin Lee, COO - ICTK, VIA PUF for the hardware IoT security	
10		1:55– 2:35	Minglang Pei - CTO of IoT and Identity – Symantec Demystify IoT Security Recommendations across Industries	Dr. Qualid Ali - Future Cities Council	Mark Szewczul – IoT Security Architect Zimperium, On-Device, Mobile Threat Detection Leveraging AI
11		2:35 – 3:15	Ruwan Wataratna - Evo Monitors, A Systematic Approach to Securing a Linux-based Consumer IoT Device		Steve Watson – Founder VTO, <i>Answering Cybersecurity and Investigation Questions from Embedded Technology Devices</i>
12		3:15 - 3:30	AFTERNOON BREAK		
13		3:30 - 4:15	Ahaan Habib - Consultant, Open Source IoT Detection	Jay Mason, Assoc. Partner IoT & Cybersecurity - M&S Consulting, Security Approaches of Industrial IoT Platforms	Oliver Gruner, Dir of IoT Business Solutions - Stratus, Today's Transformation at the Edge
14		4:150 - 5:00 PM	Phillip Andrea – Consultant	Joshua Konowe - Silent Circle In the Pursuit of Convenience, We Sacrifice Privacy: IoT-Powered Assistants	Rajat Ghosh, CEO & Founder, AdeptDC, Data Center Asset Management Through Granular Visibility into Equipment and AI-Based Cooling Controls
15		5:00	WRAP UP & ADJOURN
